MEMORANDUM FOR: Acting Deputy Director/Administration

SUBJECT : The Case of [REDACTED]

25X1A

1. There is enclosed for your information a copy of the memorandum dated 18 June 1953 on the above subject addressed by this Office to the Director of Security. A second enclosure is a copy of the memorandum dated 23 June 1953 addressed to this Office by the Deputy Director of Security in answer to the first enclosure. A third enclosure is a memorandum of this Office's entries describing the progress of this case.

2. It is the feeling of this Office that the action currently being taken in this case is proper - but that it should have been taken at the time the subject was separated from the Agency. Perhaps the procedures for handling the separation of individuals for reasons such as in this case should be re-examined and tightened up. I would appreciate your comments.
